5. Enter the **Date of birth** of one of your children attending the school. This is for security purposes only and this information will not be used in the SIMS Parent system

The screenshot shows a web page titled "Registration - Answer Security Questions". At the top left, there is a logo for "SIMS" with the tagline "Helping schools inspire". Below the logo, the text reads: "You are required to provide a second piece of information to confirm your identity. Please answer the following question." The question is: "What is the date of birth of one of your children at the school?". There is a text input field with a cursor inside. Below the input field is a blue button labeled "Verify". At the bottom left of the page, it says "© 2017 - Capita Children's Services".

6. Click the **Register** button to continue.

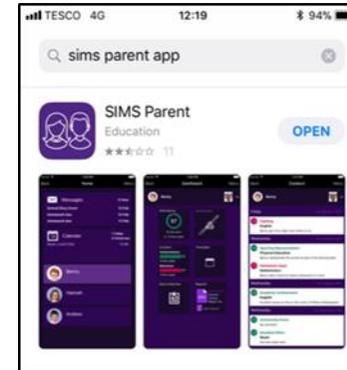

NOTE: Users with multiple roles need to register only once. For example, **users who are both a parent and a teacher should register as either a parent or a teacher but should not register as both.** Once registered, all of the relevant parent and teacher information will be available.

I don't have a smart phone, how can I access the SIMS Parent App Lite?

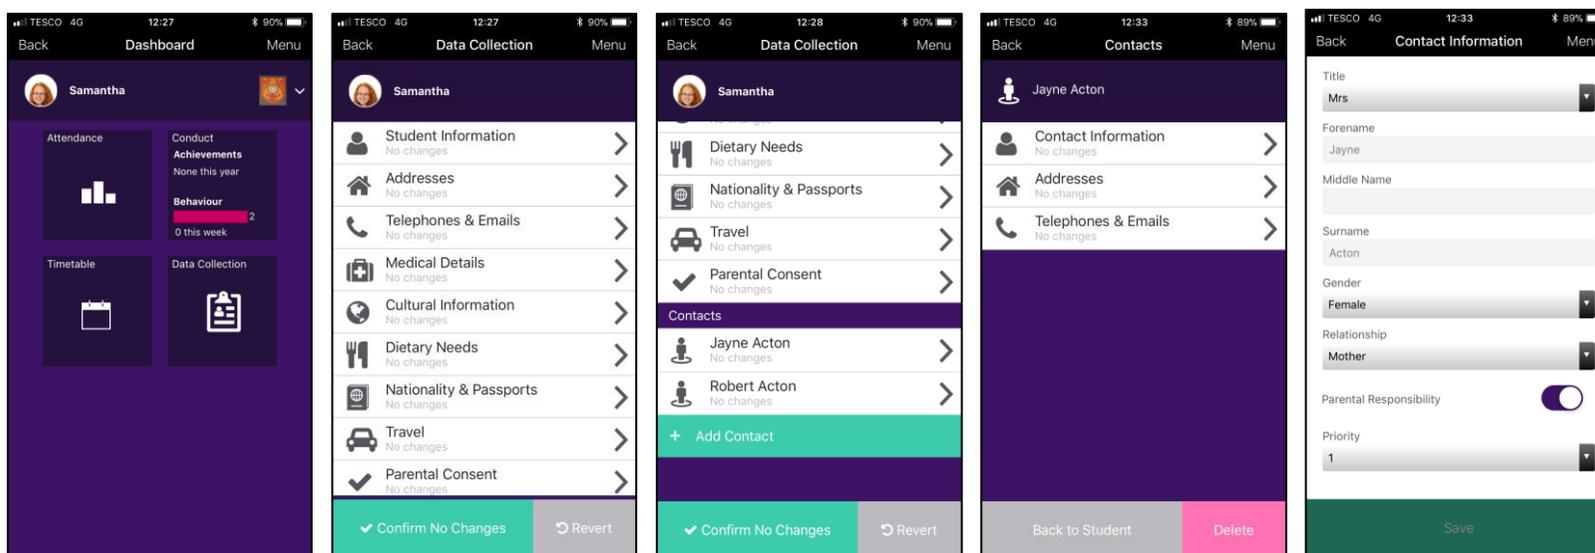

If you have access to a tablet device, laptop, desktop computer you can sign in via the following website <https://www.sims-parent.co.uk>, selecting the icon for the relevant Third Party account that you previously registered with.

The Data Collection Sheet feature

Once you have signed into the SIMS Parent App or SIMS Parent website, you will be able to see your child(ren), tap on each child to go through to the options available, in this case Data Collection Sheet. (The other features shown in the example below, Attendance, Conduct, and Timetable etc. are only available where your school have bought the full SIMS Parent App.)

Tap (or click if you are using a computer/laptop) on the **Data Collection Sheet** to view the data which your school has requested you to add/update. Please note that they may vary from the example below, as schools will configure the app themselves.

IMPORTANT NOTE: The first **Addresses** and **Telephone & Emails** section you are able to see, underneath your child's name are their contact details, not your contact details. If you wish to amend the emergency contacts, including your own, scroll down the page, and you will see a **Contacts** section.

Once you have reviewed the data, if there are no changes, please ensure that you tap/click the **Confirm No Changes** button, as this allows the school to see when you last reviewed the data.

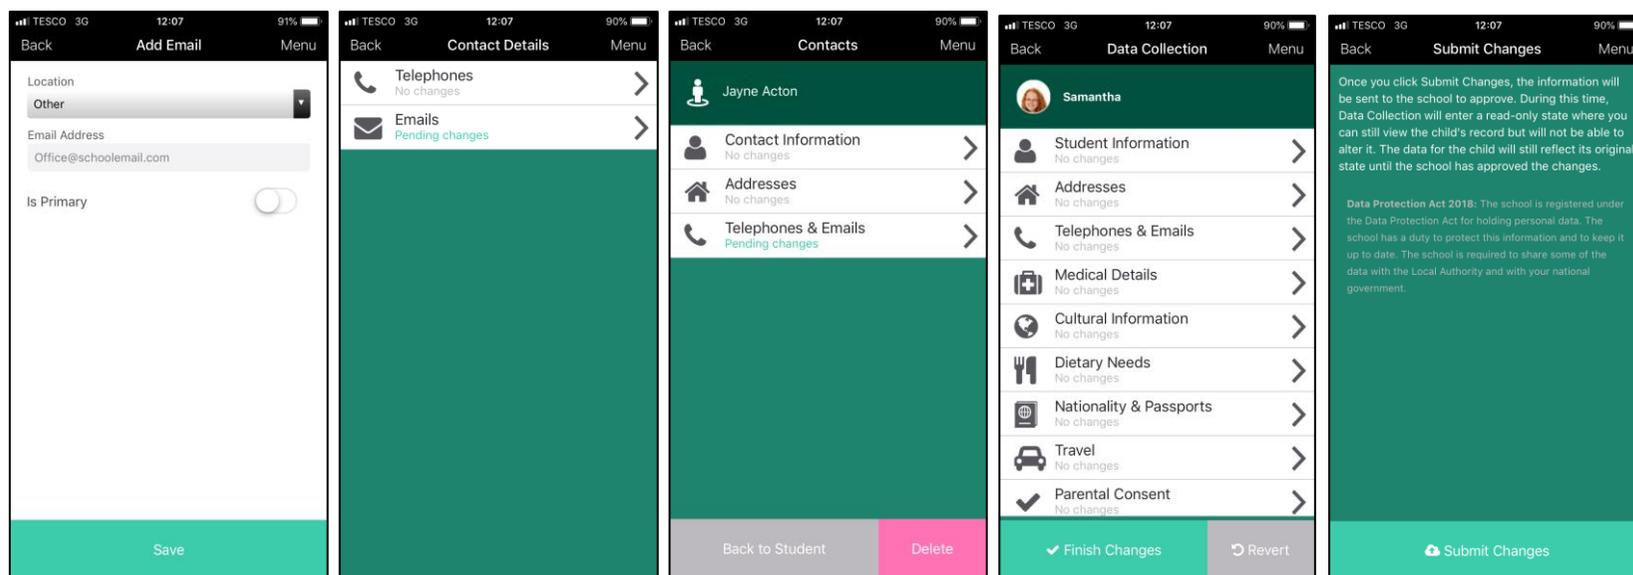

How to submit changes within the Data Collection Sheet feature

If you have made an amendment to a piece of data or added some new information, you will need to tap on the **Save** button for each change made. You will then see a message '**Pending Changes**' within each section you've made a change in.

To go back to the main Student record, either tap on the **Back** button (top left hand corner) or tap the **Back to Student** button at the bottom of the screen.

Once all your amendments have been made, you must tap on the **Finish Changes** button (bottom of the screen).

You will then be asked to **Submit Changes** and will be warned that the app will become 'Read only' until the school have approved the changes at their end.

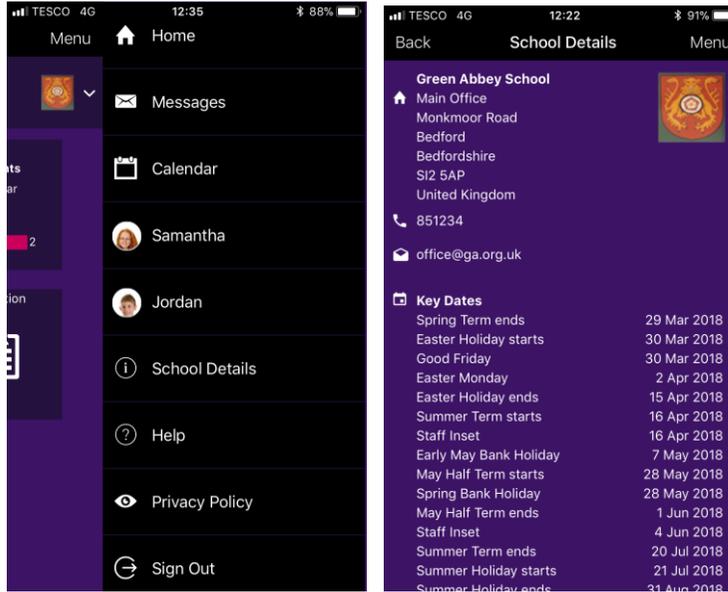

If you have submitted changes, but haven't had them approved, the **Data Collection Sheet** will show with a **Padlock** icon, which means no further changes can be made until the school has approved the last submission. Once they have approved the previous changes, the Padlock icon will disappear.

Once the school has reviewed your changes, you will receive a message, within the SIMS Parent App **Messages** section to confirm that they have been approved.

How to access the School Details screen

On the right hand top corner of the screen, there is a **Menu** option. If you tap/click on **Menu**, a list of options will be presented. If you tap on **School Details**, you will be presented with the **Address** and **Contact Details** of the school, as well as useful **Term Dates** for the current Academic Year, including any planned Inset Days.
